BIENVENIDO A PANAMÁ

At the crossroads of oceans, continents and cultures,
Panama is where connections happen.

Home to the world-famous Panama Canal and known as the **Hub of the Americas**, Panama connects more destinations in the Americas than any other city in the region, making it an ideal meeting point for AIJA's global community.

For the first time in AIJA's history, the Annual Congress is coming to **Central America** – a milestone that reflects AIJA's growing presence in Latin America and its commitment to expanding opportunities for young lawyers worldwide.

From the UNESCO-listed streets of Casco Viejo and the modern skyline of Panama City to the rainforest, the Canal and the rich cultural diversity of the country, Panama offers an experience that is both memorable and uniquely inspiring. **Delegates will see it all.**

As a sponsor, you will be part of a landmark Congress that brings together legal professionals from across the globe while positioning your brand at the heart of one of the world's most connected and dynamic regions.

In Panama, we don't just connect oceans – we connect people, ideas and opportunities.

Building Bridges – Leading What Comes Next

In an increasingly interconnected yet fragmented world, lawyers are called upon to do more than interpret the law. They must connect people, ideas, jurisdictions, and generations. Around the theme “Building Bridges – Leading What Comes Next”, AIJA's 65th Annual Congress will bring together legal professionals from around the globe in Panama City. The city that is home to the Panama Canal, one of the world's greatest engineering achievements and a lasting symbol of connection between continents, cultures, and economies. Against this unique backdrop, the Congress will explore how the legal profession can build bridges across borders and disciplines while leading with vision in times of transformation.

Now in its 65th year, AIJA's Annual Congress will provide a dynamic forum for legal professionals to exchange perspectives on the evolving role of lawyers in a rapidly changing global landscape. Through inspiring keynote addresses, engaging workshops, and interactive sessions, participants will examine how legal professionals can foster dialogue, create understanding, and unlock opportunities in a fast changing, more uncertain and unpredictable world.

**"IN PANAMA, WE
DON'T JUST CONNECT
OCEANS—WE CONNECT
PEOPLE, IDEAS AND
OPPORTUNITIES"**

ACADEMIC PROGRAMME

The academic programme will be built around four interconnected pillars:

Bridging Worlds While Crossing Borders

As business, technology, and people move across jurisdictions at unprecedented speed, lawyers must navigate increasingly complex cross-border legal, regulatory, and cultural landscapes. Bringing together practitioners and thought leaders from across the globe, this pillar explores the opportunities and challenges of international practice: global commerce, digital business, dispute resolution, and the evolving frameworks that enable cooperation beyond national boundaries. Attendees will leave with practical strategies to navigate an increasingly interconnected legal landscape.

Finding Common Ground When Views Collide

In an era of geopolitical tension, polarisation, and competing rights and interests, the legal profession plays a vital role in fostering dialogue, resolving conflict, and building consensus. Sessions under this pillar will examine negotiation, mediation, advocacy, ethical leadership, and practitioners' responsibility to promote constructive engagement where perspectives diverge, offering tools and frameworks attendees can apply directly in high-stakes client and cross-border situations.

Closing Generational Gaps

The future of the legal profession depends on successfully connecting experience with fresh perspectives. Here, the focus turns to intergenerational leadership, mentoring, talent development, evolving workplace expectations, and the impact of technology on the way lawyers learn, collaborate, and lead across generations.

Opening Doors and Unlocking New Opportunities

From artificial intelligence and digital transformation to emerging markets, sustainability, and new business models, the legal field is entering a period of remarkable change. This pillar explores how lawyers and their organisations can embrace and turn the new developments to their advantage to position themselves to thrive by spotlighting the innovations, technologies, and business models reshaping the profession.

Just as the Panama Canal has served for more than a century as a gateway connecting oceans, nations, and markets, this Congress aims to create new pathways for collaboration within the global legal community. Participants will leave not only with fresh insights and practical strategies, but also with an expanded international network and renewed inspiration to shape what comes next.

SOCIAL PROGRAMME

As a sponsor of the Annual Congress, you have the opportunity to develop quality business relationships by having direct one-to-one engagement in a relaxed environment. All the academic programme, coffee and lunch breaks, and the three-day exhibition happen in one place every day. And the congress continues long after the academic sessions have ended. A variety of social events, including a welcome reception, opening ceremony, day out, gala dinner and afterparties, promise to bring the congress

to the most exclusive and vibrant venues in Panama while providing a platform for networking with participants.

Here at AIJA, networking and building long-lasting connections is easy. Sponsoring the Annual Congress will be a perfect opportunity to highlight your organisation in the international legal sector and create a lasting bond with AIJA and its members for future ventures.
